TELEPHONE CALL, NO. 24

#### TALES OF THE TOWN

Will Jaeger is dangerously ill.  
Twenty members of the Lima Cycling Club rode to Hume last evening.  
Born—to Mr. and Mrs. Frank Ottobello, of West Kirby street—a ten pound girl.  
Policeman Lehman who has been ill for a couple of days, resumed his duties this morning.  
At the West Lima Mission Sunday morning Rev. Gardner preached a sermon to the J. O. U. A. W. who attended in a body.  
Edward Kane still down at the So. lat rehome, and Miss Mary O'Brien of North West street, will be married to-morrow morning at St. Rose's church.

#### Reading Room

The ladies of the South Side W. O. T. U. will open their reading room on W. Kirby street, just back of Cramer's drug store to night Wednesday evening, July 11th. A lady from a distance will make the address of the evening, assisted by Rev. Bates. A good program will be carried out. Come everybody and encourage us in a good work. Admission free. Mrs. Rudy, Pres.

#### A Strike in Lima

Military not called out yet. It is not generally known that Lima was in danger of suffering from a strike, but there was quite a noisy demonstration to-day when all the clocks at Hale's jewelry store struck. Their grievance is that they are being sold too low.

#### Claims it was Different

Frank Chamrod denies that he assaulted his wife the other day. He says he was not drunk and that some of the neighbors who have been talking about him will have a chance to prove their statements.

#### Sterling Silver Handle Umbrellas

for \$1.98 at D. Bell's, 26 St. & W.

#### A Lawn Social

Will be given by the young people of Trinity M. E. church on the church lawn this evening July 11. Ice cream, cake and berries will be served. Fine music by Sunday school orchestra. All come and enjoy a pleasant evening.

#### WANT ASPHALT

To be Included in the Materials for Paving the Square.  
Property owners who favor asphalt for paving the Square are circulating a petition which will be presented to the council asking that bids be received on asphalt as well as brick.  
This is a move in the right direction. All kinds of materials should be allowed to compete.

#### PROGRAMME

For Bicycle Races at Fair Grounds, Thursday Evening.  
By the Lima Cycling Club, commencing at 8:30 p. m.  
1st Race—Half mile open to all members of club.  
2nd—One mile championship of club.  
3rd—Half mile open to members of club 200 pounds and over.  
No entrance fee charged. No charge for admission to the grounds. Everybody invited.

#### KICKED HARD

But Could not get off Without Paying a Fine.

Night before last a horse belonging to Israel Williams was found straying about the streets and was put into the city pound. The horse's halter had been cut and the owner, thinking he was not getting a square deal, went to the pound and took the animal out without paying the pound keeper's fees.

Complaint was made to the mayor and Williams charged with liberating an animal from the pound. He was summoned before the mayor this morning and after considerable huckling finally pleaded guilty and was fined \$1 and costs.

#### Will Give a Supper

One of the missionaries on a vacation this year from China will pass through Lima next Friday, the 12th. He with his wife has been attending the Presbyterian General Assembly and have consented to stop over for one night. The ladies of the West Market Street Presbyterian church will give a supper that evening at 6 p. m. after a reception and talk on mission work.

The admission and supper will be 25c.

Every one is cordially invited to come and take supper with us and hear Mr. O. W. Winer from the Canton Boys School.

#### FAILED TO RESPOND.

The Call for a General Strike Obeyed by Only a Few.

Only About Ten Thousand Out in Chicago and a Few in New York and Brooklyn.

CHICAGO, July 11.—(Special)—The strike, so far as the railroads are concerned is much improved. Trains are moving under military protection with little trouble, and much perishable freight is being handled.

The strike of the local trade unions is not as big as was promised, only about ten thousand being out to noon, but there may be more men out before the close of the week. They seem to be waiting on each other to move.

Major Hopkins will issue an order closing the saloons to night. Whether the strike will be local or general depends upon the conference of their leaders here to-morrow. It is called by President Campers of the American Federation of Labor.

#### QUICK AT DAYTON

CHAD CROWNS UP AT WORK AND NO MORE GOING VISITING.

DAYTON, July 11.—(Special)—Last night was a quiet one in the railroad yards. The night men of the C. & D. were all at work and what little there was to handle was quickly made up and everything moved all well. A small crowd gathered around a big switchman who takes care of the Sixth street cross-over switches and threatened him. He procured a telephone, and told them he was going to work as long as he was wanted and when the work didn't suit him or he got tired he was going to quit but not till then.

The men of that road are not much affected by the return of the C. & D. men as was expected. The strikers protest that the C. & D. men have not gone back and that the men don't. C. & D. work as usual. A most curious investigation took place at the C. & D. where a man of the C. & D. crew was not at work. The few that are not at work are not needed, and will go to work as soon as the freight traffic increases sufficiently for the services to be required.

It is the general impression that the strike is at its end in Dayton and unforeseen things must happen to cause any further excitement.

#### SECOND THE LIMITED

HOLDING SOLD BRICKS OUT AT 11 CENTS.

LEWIS WAYNE, Ind. July 11.—(Special)—The last bound limited was loaded on the White road and house last night. Windows were broken and the sides of the Pullman cars were dented here and there by stones or bricks. One of the missiles came in at the open window and after striking the opposite wall it rebounded into the lap of a passenger with no injury to that person. The passenger evidently tried to throw the people at the depot and said he was going to preserve it as a souvenir. He also told the station agent that the depot men who were guarding a west bound freight train yesterday afternoon. All the missiles went away from the mark, however, and a shot from a revolver dispersed the attacking crowd.

#### MUST RAISE THE BID.

The Railroad People Now Have the Support of Our Contemporary.

Which is a Notice to the Massillon Crowd That They Must Put up Again or Lose that Paper's Support.

The paving subject is one of importance to the people of Lima who all recognize the good work done by the Massillon crowd in increasing the guaranty from one year to five years on whatever pavement is put down on the Public Square. The question now comes up again on the material to be used on the work.

Our thirty neighbor the Gazette prior to the last meeting of the council was using its space in favor of the Massillon brick—everyone knows why. Their paragraphs on the paving subject were a mixture of advertising and opinion, the latter element being the former and depending on the price paid for the advertisement of the opinion. They abused and maligned the members of the council who had gone to Columbus on the invitation of the Massillon people and came home impressed with the advantages of the system of blocks for paving purposes.

But suddenly a change comes over the dreams of the morning sheet. After having been seen by the representative of the Massillon company they fall bodily over into their crowd and in this morning's edition put the Massillon paving up to the top notch even to the extent of making themselves ridiculous by referring to the Massillon paving as a "Paving Committee" order from Paris. Their enthusiasm in new tests that this advertisement news of the Massillon paving has earned as much as ten cents per line.

It is a tacit notice to the Massillon people that if they expect their brick to be put down, more by the Gazette than by the Massillon people, they must put down more money.

THE BODY WAS WARM  
But Suicide Chris. Mauer's Life Had Gone Out.

He Ended His Life at His Home Near Bluffton Last Evening by Hanging.

About five o'clock last evening Chris Mauer a former of Richland township committed suicide by hanging himself in his home two miles this side of Bluffton when the C. & D. was in town.

Mauer has been a mental patient on account of some money matters and it is supposed that his wife was prevented in this respect. The body of the suicide had not yet been removed when it was discovered by a member of the family hanging by the neck, around which was tied a heavy piece of rope. The body was cut down immediately and the dissection was performed by a physician. A shroud was placed over the body and it was taken to the funeral home.

Mauer was fifty years of age and was a native of Germany.

TO PRISON  
Joseph Grider will be Taken to Columbus To-night.

To-night at 2 o'clock Sheriff Fisher will leave for Columbus with Joseph Grider, found guilty and sentenced to one year in the penitentiary for shooting Dr. Weatherill with intent to kill.

An effort is being made to have Grider pardoned and application for such will be made before the board which meets in Columbus to-morrow.

ROUND ABOUT  
The strike has resulted in introducing a new class of trams. It is that which is sent out not knowing whether they will reach their destination or not and they are called "round about" trams. This term applies only to freight trains.

800 men at Kaunas Only who have not received their pay for May, and June is now due.

Passenger engineer Jas. McMahon of the L. E. & W. went home to Fremont this morning for a short visit.

Logins No. 109, of the L. E. & W., was run out of the round house yesterday after undergoing general repairs.

All regular through freight trains were abandoned on the L. E. & W. to-day, on account of the decrease in freight traffic.

The Pennsylvania company has its plans ready for rebuilding the yards at Jersey City, which work, it is stated by the company, will be done in a few months when the delegates will spend a few days on paying themselves.

KNOCK OUT THAT STRIP  
Put in Stone or Beveled Brick Alongside the Railroad Track.

But don't let that Mulekick World Strip do it in to Rot Out in a Few Years.

The attention of the city council is directed to that fact in the last special session for paying the Public Square which permits a wooden strip to be put down along the street or track in the new special cases which are now being prepared. The wooden piece should be carried out and substituted by beveled brick or substituted in stone. There is nothing to be gained by the use of the wooden strip. The expense to the city will be practically the same while in point of service the stone or brick will be infinitely better. The wood will rot away in time necessitating the substitution of new strips. It is thought, done at the outset in a superior material or workmanship accepted.
